The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026.
Lombok, Nusa Tenggara Barat

Assalamu'alaikum Wr. Wb

Greetings of Peace to All Pioneers of Indonesian Anesthesiology and Intensive Care,

It is with a spirit of collaboration that we welcome The 9th International Joint Symposium Indonesia-Singapore Neuroanesthesia & Critical Care. This symposium, to be held from 22-25 July, 2026 at Aruna Senggigi, Lombok, Indonesia, carries a powerful theme: "One Team, One Brain: Building Excellence in Collaboration for Better Outcomes."

This theme is the very foundation of our daily work. In the era of modern medicine, the best patient outcomes are born not from individual expertise alone, but from the synergy of a solid, unified team.

This symposium is designed to strengthen that foundation, building a scientific bridge between Indonesia and Singapore to propel our standards of excellence even higher. Through this premier international forum, we are confident it will become a valuable platform for sharing the latest innovations, clinical experiences, and forging meaningful collaborations in the fields of neuroanesthesia and critical care.

Our highest appreciation and gratitude are extended to InaSNACC as the organizing body, the distinguished speakers, and all parties involved. Let us work together to realize a symposium that is not only an academic success but also a concrete leap towards excellent, globally competitive healthcare.

Wassalamu'alaikum Warahmatullahi Wabarakatuh,

Irjen Pol Dr. dr. Asep Hendradiana, Sp.An-TI, Subsp. TI(K), M.Kes

Chairman of the Indonesian Society of
Anesthesiology and Intensive Therapy (PP Perdatin)

One Team, One Brain:

Building Excellence in Collaboration for Better Outcomes.

Welcome Message

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026,
Lombok, Nusa Tenggara Barat

Assalamu'alaikum Wr.Wb

Greetings of peace to fellow guardians of patient safety.

With a spirit of collaboration, the Indonesian Society of Neuroanesthesia and Critical Care (InaSNACC) proudly presents: The 9th International Joint Symposium Indonesia-Singapore Neuroanesthesia & Critical Care, 22-25 July, 2026 at Aruna Senggigi, Lombok, Indonesia.

This symposium carries the theme: "One Team, One Brain: Building Excellence in Collaboration for Better Outcomes." This theme is the foundation of our actions. In the complex environment of neuroanesthesia and intensive care, the best patient outcomes are born from team synergy, not individual expertise alone.

This forum is designed to strengthen that foundation—serving as a platform to share the latest innovations and build meaningful collaborations to advance higher standards of care.

Thank you to all committee members, speakers, and participants. Let us work together to create an event that is not only inspiring but also a significant leap forward for our profession and the well-being of our patients.

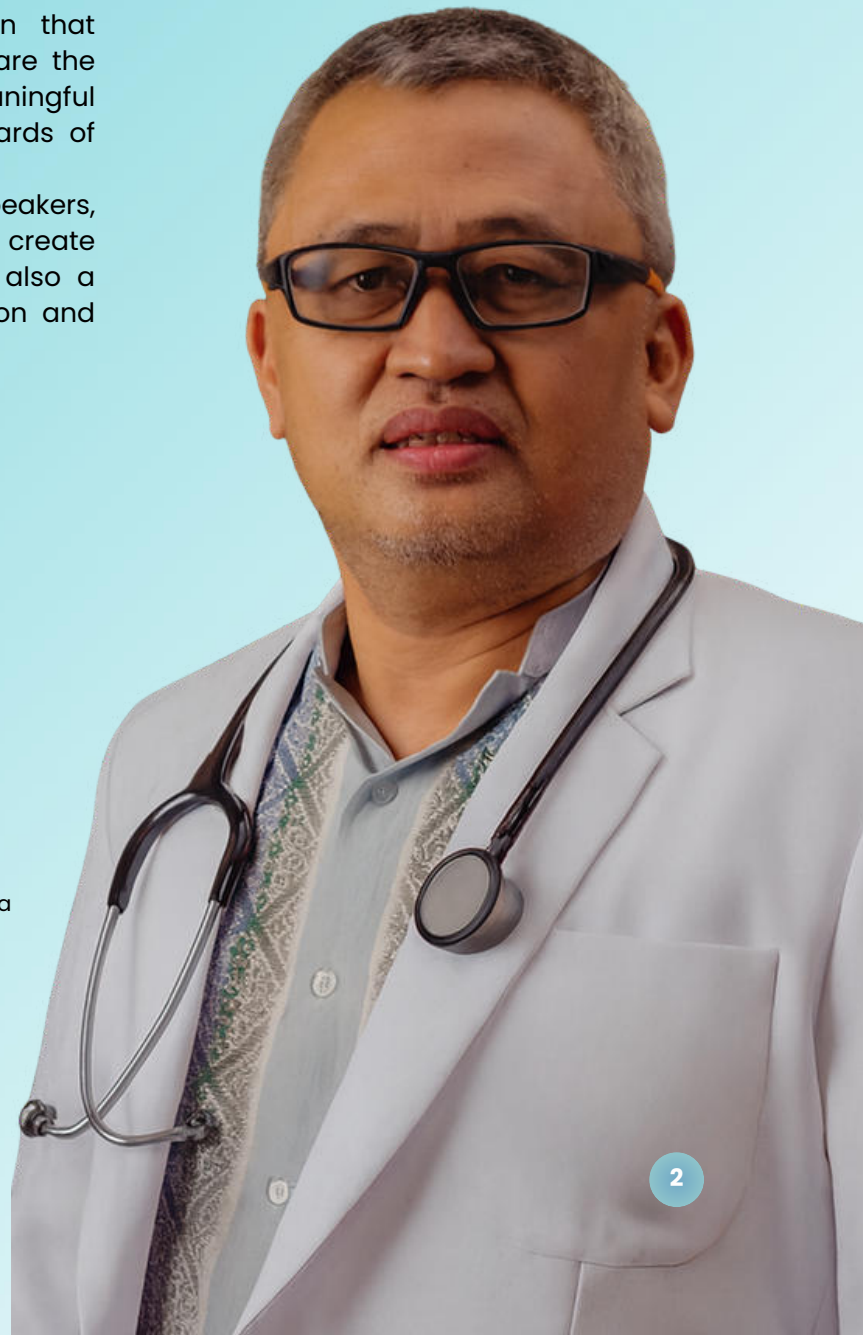

Wassalamu'alaikum Warahmatullahi Wabarakatuh,

dr. Syafruddin Gaus, M.Kes, Sp.An-TI, Subsp.N.An(K), Subsp.M.N(K), PhD

Chairman, Indonesian Society of Neuroanesthesia
and Critical Care (InaSNACC)

One Team, One Brain:

Building Excellence in Collaboration for Better Outcomes.

Welcome Message

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026
Lombok, Nusa Tenggara Barat

Assalamu'alaikum Wr. Wb,
Peace and prosperity for us all.

With gratitude, we welcome The 9th International Joint Symposium Indonesia - Singapore Neuroanesthesia & Critical Care, held on 22-25 July, 2026 at Aruna Senggigi, Lombok, Indonesia, under the theme "One Team, One Brain: Building Excellence in Collaboration for Better Outcomes."

This event embodies the collaborative spirit between neuroanesthesia and intensive care experts and practitioners from Indonesia and Singapore. Through this scientific forum, we hope to facilitate the exchange of knowledge, clinical experiences, and innovations that will enrich expertise and strengthen cross-border professional networks.

The chosen theme emphasizes the critical importance of synergy within medical teams – that successful patient outcomes, especially in neuroanesthesia and critical care, can only be achieved through solid cooperation, effective communication, and shared dedication.

We extend our deepest gratitude to the Indonesian Society of Neuroanesthesia and Critical Care (InaSNACC) for their trust, PP Perdatin for their support, and all committee members, speakers, sponsors, and participants who have contributed to the success of this event.

May this symposium be a valuable milestone in strengthening professionalism, collaboration, and unity for excellent and patient-safe anesthesiology and intensive care services.

**Wassalamu'alaikum Warahmatullahi
Wabarakatuh,**

The 9th International Joint Symposium Indonesia-Singapore Neuroanesthesia & Critical Care

As a prestigious annual meeting organized by INA-SNACC, the 9th edition of this symposium will be held on July 22-25, 2026 at Aruna Senggigi Resort & Convention, Lombok. Under the theme "One Team, One Brain: Building Excellence in Collaboration for Better Outcomes," this event serves as a strategic platform to strengthen cross-disciplinary and cross-border collaboration in neuroanesthesia and intensive care.

The comprehensive program includes 5 Workshops, 1 CPD Course, an International Joint Symposium, Webinar Series, E-Poster Competition, and a Hospitality Program, featuring leading expert speakers from eight countries. Participants will gain up-to-date clinical knowledge applicable to their practice and have the opportunity to experience Lombok's captivating tourist attractions.

With a potential audience of 3,649 anesthesiology and intensive care specialists in Indonesia and 1,519 general practitioners in West Nusa Tenggara, this symposium offers significant national exposure.

Symposium Day 1

FRIDAY: 24TH JULY, 2026

Time	Symposium Topic	Speakers	Moderator
Plenary Lecture			
08.00 - 09.00	Neurocritical care in 2026: Where are we headed?	dr. Syafruddin Gaus, Ph.D., Sp.An-TI, Subsp.MN(K),Subsp.N.An(K)	dr. Bintang Pramadona, Sp.An-TI, Subsp.N.An(K)
	What does surgery do to the brain? Neuroinflammation, Neurocognitive decline, Risk for dementia	Associate Professor Dr. Geraldine Raphaella B. Jose, MD	
	The Role of Anesthesia in neuro-oncology: What's the Evidence?	Prof. See Jee Jian	
Neuro-Obstetric			
09.00 - 10.00	Craniotomy in pregnancy: Balancing maternal neurosurgical priorities with fetal safety	Prof. Dr. dr. Tatang Bisri, Sp.An-TI, Subsp.N.An(K), Subsp.An.O(K)	dr. Dini Handayani Sp.An-TI, Subsp.N.An(K)
	Cerebral protection and resuscitation in cesarean section for severe preeclampsia and eclampsia	Dr. dr. Sri Rahardjo, Sp.An-TI, Subsp.N.An(K), Subsp.A.O(K), FIPM, NCC	
	Neurocritical care in pregnancy: early management after craniotomy in pregnancy	Dr.dr Diana Lalenoh Sp.An-TI, Subsp.N.An(K),Subsp.A.O(K)	
Coffee Break/Industrial Symposium			
10.00 - 10.30	Sugammadex in neurosurgical procedur	Dr. dr. M. Sofyan Harahap, Sp.An-TI, Subsp. N.An(K)	dr. Albinus Y. Cobis M.Kes., Sp.An-TI, Subsp.N.An.(K), AIFO-K
Neuro-Anesthesia in Disaster Setting			
10.30 - 11.30	Prehospital Neurotrauma Management in Disaster Settings	Dr. dr. Riyadh Firdaus, Sp.An-TI, Subsp.N.An(K)	
	Damage Control Neuroanesthesia for Emergency Neurosurgery	dr. Dhanita Anindita Santosa, Sp.An-TI, Subsp. N.An(K)	
	Hemodynamic and Ventilation Strategies in Severe TBI During Mass Casualty Events	dr. Rr. Shinta Irina, Sp.An-TI, Subsp.N.An.(K)	
ISHOMA			
Lunch Symposium (TIVA)			
13.00 - 13.30	Propofol Beyond Sedation: Neuroprotection, Neuroinflammation and Brain Recovery in Neurocritical Care	Dr. dr. Sudadi, SpAn-TI, Subsp.N.An(K), Subsp.An.R(K)	dr. Fitri Sepiyanti Sumardi, Sp.An-TI, Subsp.N.An.(K)
Neuro-pharmacological			
13.30 - 14.30	Sevoflurane from two layer: anesthesia and organo protection	Prof. Dr. dr. Tatang Bisri, Sp.An-TI, Subsp.N.An(K), Subsp.An.O(K)	dr. Monika Widiastuti, Sp.An-TI, Subsp.N.An.(K)
	Practical applications of multi-modality anesthesia in neurosurgery	Clinical Associate Prof. Lew Wing Kit, Thomas MBBS, MMed (Anaes), EDIC, FAMS	
	From Past to the Future: What is the ideal neuroprotective pharmacological profile for CNS?	dr. M. Dwi Satriyanto, Sp.An-TI, Subsp.N.An.(K), M.Kes	
COFFEE BREAK

E-Poster Guideline

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026.
Lombok, Nusa Tenggara Barat

- Competition Category: Case Studies, Review, Original Research
- Abstracts and E-Posters submitted must be original and must not have been presented or published in other scientific events or media.
- Theme: Free, but must remain within the scope of Anesthesia, Critical Care, Neurology, and Neuroscientist.
- Abstracts must be written in Indonesian and English. Abstracts must be in PDF format with a maximum of 300 words (excluding the title and references). References must be cited using the Vancouver reference style.
- E-Posters must be in English.
- E-Posters may contain text, tables, images, photos, and other visual aids related to the chosen topic.
- E-Poster files must be submitted in PDF format, in portrait orientation, with dimensions of 1080 x 1920 pixels (aspect ratio 9:16). The layout must use a 3-column format on one slide.
- It is recommended to use a maximum of 4 colors (including font colors). A white background is recommended.
- The author's name on the E-Poster should be written without academic titles. The author's name and affiliation/institution should be clearly written. The first author is the presenter, and their name must be written in italics and underlined.
- Word count: 500-1,000 words (including title, images, and tables).
- The E-Poster design must have an ideal composition between text and tables/images/photos. Images and tables must not exceed 50% of the poster area.

Technical Guideline

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026.
Lombok, Nusa Tenggara Barat

- Registration for this e-poster competition is free, but **all participants must also register for the symposium.**
- The competition is open to Specialists (Sp-1 & Sp-2), Neurosurgeon, General Practitioners, PhD holders, PhD candidates, trainees, and fellows in the fields of Anesthesiology, Neurology, and Neurocritical Care.
- Participants will undergo an **offline selection/qualification round on July 23, 2026**, at the Aruna Senggigi Resort & Convention.
- Those who pass the qualification round will advance to **the final offline judging round on July 24, 2026**, at the same venue.
- E-poster presentation sessions will be held on the day of the event in designated rooms. Participants must arrive at the presentation area at least 10 minutes before their session begins.
- Each participant will be allocated 2 minutes for preparation, 8 minutes for the presentation, and 3 minutes for a Q&A/discussion.
- E-posters will be evaluated based on content, design, and presentation skills.

Registration Procedure

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026.
Lombok, Nusa Tenggara Barat

- Participants must prepare an E-Poster and Abstract in accordance with the applicable regulations. Only E-Posters that meet the requirements will be evaluated.
- All participants are required to submit abstracts via the form, before June 30, 2026
- All participants are required to register their E-Posters via the form, before July 15, 2026 with the following terms and conditions:

Fill out the Form:

- Registrant's name, profession, contact details, institution of origin
 - E-Poster Title
 - Type of E-Poster (Case Report/Series or Research)
 - Name of presenter and supervisor (full name including titles)
 - Department and institution name
 - Contact name and e-mail
- Uploaded files must be in the following formats:
 - Abstract in PDF format with a maximum of 300 words (excluding title and references)
 - E-Poster in PDF format with a maximum size of 25 MB
 - **Participants who have submitted their abstracts but fail to submit their e-posters by the specified deadline (July 15, 2026) will be disqualified**

General Writing Guidelines

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026.
Lombok, Nusa Tenggara Barat

Title and Authors

- The manuscript title must be concise, may not contain abbreviations, and must not exceed 15 words.
- The title must be written in Arial font, size 14, bold, single-spaced.
- The author's name on the E-Poster should be written without academic titles. The author's name and affiliation/institution must be clearly stated. The first author is the presenter, and their name must be written in italics and underlined.

Abstract and Keywords

- The abstract is written in paragraph form accompanied by 5 keywords, in both Indonesian and English.
- The Research Abstract is written using Arial font, size 12, single-spaced, and should not exceed 250–300 words. It consists of: 1) Introduction; 2) Subjects and Methods; 3) Results; 4) Conclusion.
- The Case Report Abstract should not exceed 300 words and consists of: 1) Brief Case Summary; 2) Management; 3) Management Outcome (Success/Failure).
- Keywords: anesthesia, bronchus, desaturation, endotracheal, cardiac (listed in alphabetical order), covering the key points of the article.

Manuscript Content

- The content of a Research paper consists of: 1) Introduction; 2) Methods; 3) Results and Discussion; 4) Conclusion and Suggestions.
- The content of a Case Report consists of: 1) Introduction; 2) Case; 3) Discussion; 4) Conclusion.
 - Introduction: Description/definition or scope of the topic being raised (background, uniqueness, or specialty justifying the case selection, the objective of reporting the case, delivered concisely and clearly).
 - Case: a) Complete identity without patient name; b) Anamnesis, physical examination, supporting examinations, diagnostics; c) Management; d) Management observation, management outcome (success/failure); e) Delivered concisely and clearly, particularly highlighting aspects related to the problem in the case.
 - Discussion: a) Discuss the diagnosis and management of the case; b) Discuss the relationship between existing theories and actual data related to therapy outcomes (success/failure); difficulties, consistencies or inconsistencies with existing theories, comparison with other literature or theories.
 - Conclusion: Summarizes the discussion findings, including necessary suggestions for future research.
- Uncommon abbreviations and footnotes are not permitted.

General Writing Guidelines

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026.
Lombok, Nusa Tenggara Barat

- References must be selected with a publication date of less than 5 years, with a minimum of 5 references.
- References are written in Vancouver format and arranged in order of citation.
- Arabic numerals are written in superscript form in accordance with the reference list.
- If there are more than 6 authors, the 7th author and onward are written as et al.
- Avoid using abstracts and personal communications, unless absolutely necessary.
- Journal names should be abbreviated according to the Index Medicus list.
- The maximum number of references is 7 for the research category and a maximum of 5 for the case report/series category.

**THIS EVENT
WILL BRING TOGETHER REPRESENTATIVES FROM EACH
SPECIALIST MEDICAL EDUCATION CENTER. PARTICIPANTS WILL
COMPETE TO DEMONSTRATE THEIR MEDICAL KNOWLEDGE AND
UNDERSTANDING.**

July 23rd, 2026

Rules of The Competition

INASNACC-SNACC

The 9th International Joint Symposium
Indonesia-Singapore
Neuroanesthesia & Critical Care
July 22nd - 25th, 2026.
Lombok, Nusa Tenggara Barat

Participan

- Participants must be from one of Anesthesiology Residency Centers in Indonesia.
- Each institution will receive a formal invitation from Artnesthesia.
- Each center sends 2 participants and 1 mentor (optional).

Competition Format

- The competition will employ a knockout (elimination) system starting from the preliminary rounds.
- Each round will consist of 4 to 5 teams competing against each other.
- Teams will accumulate points by correctly answering questions, each with a different pre-assigned point value.
- The team with the highest cumulative score in each round will advance to the next stage of the competition.

Technical Event

INASNACC-SNACC

The 9th International Joint Symposium

Gala Dinner - 'Lombok in Harmony'

This Gala Dinner aims to build closer relationships with the speakers and several important figures who will be invited. With its elegant and exclusive atmosphere, this event is designed as the ideal forum for establishing strategic relationships and creating meaningful collaboration opportunities.

Fun Run and Bicycle - 'Sporty Brain'

This event is an innovative approach to building relationships with fellow healthcare professionals through joint sports activities. In a relaxed and enthusiastic atmosphere, this moment not only promotes physical health but also strengthens professional bonds that can have a positive impact on collaboration in the workplace.

Cultural Tour / Spouse Program

This event serves as a dynamic platform to promote the region's potential, inviting participants to explore cultural attractions and savor Lombok's distinctive culinary delights. Through these immersive experiences, attendees will gain a deeper appreciation of the local heritage and natural beauty, fostering a lasting connection with the destination. Additionally, this exposure aims to stimulate local tourism and create meaningful economic opportunities for the community.
